- b264026 (HEAD -> main, origin/main, origin/HEAD) Merge pull request #41 from nifemi-l/hotfix-infinite-listening-history | | * d753e07 (origin/hotfix-infinite-listening-history, hotfix-infinite-listening-history) add commas to artists, remove infinite listening history, style fetch button | * dd2f78d syncing to laptop |/

- 1627111 Make pagination buttons scrollable

- 16cb320 Removed unused function from Dashboard.jsx

- 62a1bf4 Merge pull request #40 from nifemi-l/E5P3-31-On-selection-of-a-user-from-the-leaderboard-display-that-user-s-dashboard | | * 87d1ecb (origin/E5P3-31-On-selection-of-a-user-from-the-leaderboard-display-that-user-s-dashboard) Forced loading screen on refresh | * ef79662 Added redirects for invalid user_id and initial login | * 615bdd9 Viewing profiles from dashboard working | * c5c9a83 Users can only fetch their own history | * 3ad66c4 Use fetch=true | * 7281907 Switching to user_id | * 3d77894 Changing to using internal id not username | * b4e6333 Added database functions | * deaf3fb Dynamic dashboard links and clickable names | * daab43a Dashboard workingish on /dashboard/yourusername |/

- def8d30 Merge pull request #39 from nifemi-l/E5P3-80-fix-listening-history-bug | | | * edc124f (refs/stash) WIP on E5P3-80-fix-listening-history-bug: e04b696 listening history now updates db | |/| | | * 67bc4ea index on E5P3-80-fix-listening-history-bug: e04b696 listening history now updates db | |/
  | * e04b696 (origin/E5P3-80-fix-listening-history-bug, E5P3-80-fix-listening-history-bug) listening history now updates db |/

- c850f70 Merge pull request #38 from nifemi-l/E5P3-75-Have-leaderboard-pull-music-taste-scores-from-database | | * 4204ef8 (origin/E5P3-75-Have-leaderboard-pull-music-taste-scores-from-database) Add user taste score support to leaderboard |/

- 201761b Merge pull request #37 from nifemi-l/E5P3-27 | | * 2115d30 (origin/E5P3-27) Added Taste Score to Dashboard |/

- 6d537e0 Merge pull request #36 from nifemi-l/E5P3-39-Select-the-song-of-the-day-randomly-from-one-of-Team-25-s-listening-histories | | * 53c0b84 (origin/E5P3-39-Select-the-song-of-the-day-randomly-from-one-of-Team-25-s-listening-histories) Implement backend API for fetching song of the day and update Dashboard component to utilize it. Refactor song selection logic and add error handling for API responses. Create database functions for managing song of the day history. |/

- 0a7c8fa Merge pull request #35 from nifemi-l/E5P3-78-make-update-user-listening-history-faster-after-spotify-fetch | | * 0fd5e4b (origin/E5P3-78-make-update-user-listening-history-faster-after-spotify-fetch, E5P3-78-make-update-user-listening-history-faster-after-spotify-fetch) use threads to update song genres asynchronously |/

- 1427468 fix my L

- fbc23a3 fix fetch listening history not working

- d21e723 Merge pull request #34 from nifemi-l/E5P3-77-update-listening-history-with-new-played-at-on-conflict | | * a54d617 (origin/E5P3-77-update-listening-history-with-new-played-at-on-conflict, E5P3-77-update-listening-history-with-new-played-at-on-conflict) update listening history with new played_at on conflict

- 3c70503 Fix leaderboard data, now displays all user's data

- 8eb1e10 Merge pull request #33 from nifemi-l/E5P3-76-Bugfix-Song-of-the-day-no-longer-appears-on-dashboard

  | | |/
  |/|
  | * 14d2bd4 (origin/E5P3-76-Bugfix-Song-of-the-day-no-longer-appears-on-dashboard) Ensure authenticated to spotify when making DB requests | * 0d638e5 Restore SOTD and make userinfo and listeninghistory requests sequentially |/

- 5c83477 fix error in sql transaction, remove duplicate call to update-listening-history after fetch()

- 38fed2f Updated Final Sprint Artifacts document

- e1f653e Updated Requirements Stack spreadsheet

- 0eb29c4 Uploaded final sprint artifacts document

- edf0efa Merge pull request #32 from nifemi-l/E5P3-74-Have-leaderboard-pull-scores-from-database | | * 1d1172c (origin/E5P3-74-Have-leaderboard-pull-scores-from-database) Some leaderboard styling and touchups | * 43c8372 Add error message on data fetch failure | * 0d9588a Remove unnecessary prints | * 48a3afa Now adds the option to sort by taste or diversity score | * c4e4667 Now pulls diversity score from database | * f4fdebc Now updates diversity score also if it exists already | * ffbf693 Now stores diversity score in database |/

- 58a0100 Merge pull request #27 from nifemi-l/E5P3-52-implement-reading-from-database-instead-of-spotify-response |   | * a8aaf13 (origin/E5P3-52-implement-reading-from-database-instead-of-spotify-response, E5P3-52-implement-reading-from-database-instead-of-spotify-response) tested, everything works for me now | * ae463d3 fix merge conflicts in server_utils & dashboard - untested rn | |  | |/
  |/|

- d8a4813 Revert "Add user info caching strategy"
  * 2f61000 fix merge conflicts in dashboardjsx & dbconnection, i'm like that
  |
  * | 226c6f5 read from db instead of spotify response done
  * | d5affd9 save work
  | | * fe6565d (origin/cache-user-info-v2) Add caching v2
  |_|/

  |/| |

- | 3c85eb1 Fixed Merge Mistake (again)
- | a4bb3ec Merge pull request #31 from nifemi-l/E5P3-55-All-Genre-Bucketing-Algorithm

  |   | | | | * 217989d (origin/E5P3-55-All-Genre-Bucketing-Algorithm) Merge branch 'E5P3-55-All-Genre-Bucketing-Algorithm' of https://github.com/nifemi-l/EECS-581-Project-3 into E5P3-55-All-Genre-Bucketing-Algorithm | | | |
